EDUCATION

The University of Tokyo <i>Ph.D (Information Science and Technology): supervised by Prof. Satoru Iwata</i>	Tokyo, Japan March 2016
Kyoto University <i>Master of Science: supervised by Prof. Satoru Iwata</i>	Kyoto, Japan March 2013
Kyoto University <i>Bachelor of Science</i>	Kyoto, Japan March 2011

ACADEMIC POSITIONS

Associate Professor <i>The Institute of Statistical Mathematics and The Graduate University for Advanced Studies, SOKENDAI</i>	April 2023 – current
Part-time Researcher <i>Kyoto University</i>	March 2023 – March 2023
Postdoctoral Fellow (JSPS) <i>Massachusetts Institute of Technology: mentored by Prof. Michel Goemans</i>	February 2021 – February 2023
Research Associate <i>The University of Tokyo</i>	April 2016 – March 2021
JSPS Research Fellowships for Young Scientists <i>The University of Tokyo</i>	April 2014 – March 2016
Research Assistant <i>JST ERATO Kawarabayashi Large Graph Project</i>	April 2013 – March 2014

GRANT

JSPS Overseas Research Fellowships 12,556,000 JPY	<i>March 2021 – March 2023</i>
JSPS Grant-in-Aid for Early-Career Scientists 4,000,000 JPY	<i>April 2019 – March 2022</i>
Japan Science and Technology Agency ACT-I 3,000,000 JPY	<i>September 2017 – March 2019</i>
JSPS Grant-in-Aid for Research Activity Start-up 2,900,000 JPY	<i>September 2016 – March 2018</i>
JSPS Research Fellowships for Young Scientists 1,900,000 JPY	<i>April 2014 – March 2016</i>

AWARDS

Dean's list for Ph.D thesis <i>Graduate School of Information Science and Technology, The University of Tokyo</i>	<i>March 2016</i>
Student Paper Award	

TEACHING

Courses Taught.....

- Exercise course of geometry 2017 Fall, 2018 Fall, 2019 Fall, the university of Tokyo
- Exercise course of algebra 2016 Summer, the university of Tokyo

Students Supervised.....

- Benjamin Qi (UROP, MIT), 2022. His paper based on the project received **Best Paper Award in ISAAC 2022**.
- Joachim Moussalli (M.Sc, EPFL¹), 2019.

RESEARCH INTERESTS

- Submodular optimization and its applications in machine learning
- Linear algebra in combinatorial optimization and algorithm design
- Convex optimization, online learning, and compressed sensing

RESEARCH VISITS

- **University of British Columbia** (hosted by Nicholas J. A. Harvey), August – September, 2019.
- **Max Planck Institute of Mathematics in Sciences** (hosted by André Uschmajew), September, 2018.

PUBLICATIONS

Refereed Journal Articles.....
